

DUST

Lyrics and Chords // by Rebekah Fitch

D Em Bm
 Will someone wake me when
 Bm D G
When I can start to breathe again?
D Em Bm
 My days they feel so strange
 Bm D G
I can't get used to you not there

 G
But I won't give up
 A
And I won't break down
 D A Gsus2
I know I'm stronger than the bond we've torn apart
 G
No I won't give up
 A
But I might break down
 D A Gsus2
Cos I am hurting and it's too much for one heart

Bm A D
Hope turns to dust
 D Em G
Just pieces of a broken life
 Bm A D
Before I rewrite my heart
 D Em Gsus2
I just wanna know how you are
 Bm A D Em Bm
I just wanna know how you are

Bm D G

D Em Bm
 Can I break free from this?
 Bm D G
Two hearts so deeply intertwined
D Em Bm
 Each time I think I'm fine
 Bm D G
Another little detail comes to mind

D Em Bm
 No I can't see a time
 Bm D G
When all won't be compared to you
D Em Bm
 Do you believe in one true love?
 Bm D G
Cos I would say that I used to

No you don't see the way I do
I'm sorry if you thought I ever lied to you
I know you wish
I hadn't changed
Why did it take so long to see we're not the same?

Hope turns to dust
Just pieces of a broken life
Before I rewrite my heart
I just wanna know how you are
I just wanna know how you are

And when I close my eyes
I still remember how it feels
To trace my fingers on your face
I still know every single detail
Like I've never left that place
And every time I think I'm fine
I picture you with someone new
And I feel sick cos you're not mine
Oh was this all a waste of time?

Hope turns to dust
Just pieces of a broken life
I can't just rewrite my heart
Decide to just fall out of love
Seven months we've been apart
And I just wanna know how you are
I just wanna know how you are
