

# Afraid of the Light

Cm Eb Bb Ab x2

Cm

Cm Eb  
See the light that falls before me

Ab G7

We don't want to see what the truth could be

Cm Eb

So we say draw the curtains when the morning comes

Ab G7

We don't want the Son to come and stop the fun so we say

Cm Eb Ab  
Oh don't come into the light and it will be alright

G7

No exhibition of what we want to hide

Cm Eb

And we are people of the night

Ab

Don't think about what's right

G7

Just close your eyes and choose your own reality

Cm Eb  
Oh no, don't be afraid

Bb

Living can change

Ab

We'll be made perfect once again

Cm Eb

I said open your eyes

Bb

And look to the skies

Ab

And see how much you're worth

Cm Eb  
All the questions that we have in this life

Ab G7  
Don't need answering, we don't want compromising  
Cm Eb  
Can't we just pretend there's nothing to know  
Ab G7  
So that we can do whatever we want to

Cm Eb Ab  
Oh don't come into the light and it will be alright  
G7  
No exhibition of what we want to hide  
Cm Eb  
And we are people of the night  
Ab  
Don't think about what's right  
G7  
Just close your eyes and choose your own reality

Cm Eb  
Oh no, don't be afraid  
Bb  
Living can change

We'll be made perfect once again  
Cm Eb  
I said open your eyes  
Bb  
And look to the skies  
Ab  
And see how much you're worth

Ab  
You know it could've been  
Bb Cm G7  
You know it could've been greater than you ever imagined  
Ab  
You know that you could be  
Bb  
The light for all to see  
Cm G7  
Please don't let your fear stop you from singing

Cm Eb  
Oh no, don't be afraid

Bb  
Living can change

Ab  
We'll be made perfect once again

Cm Eb  
I said open your eyes

Bb  
And look to the skies

Ab  
And see how much you're worth

Cm  
Can you think for yourself now, honey?

Eb  
Have a look and you might find something

Ab  
Can you think for yourself now, honey?

G7  
Have a look and you might find something
